TOUR OVERVIEW

There are several experiences to do visiting Mount Etna. We suggest to focus on what you are most interested in:

You can climb Mount Etna travelling on regular roads or on off-road paths by 4x4 vehicles (Land Rover or similar)

This region is renowned for Etna Doc wine and we can organize winery visits or lunch at a local farmhouse (Wine Tour option)

You can reach 1800-1900 meters or choose to climb to the top catching cable car and special 4x4 off-road vehicles (not feasible in winter)

You can explore the Northern or Southern slopes

Only some of these experiences can be combined each others, but it is important to know the time at your disposal. Please contact us and we will suggest the best solution for you.

Mount Etna Natural Park is a beautiful Volcano rich in sounds, perfumes, and colors. Have a glance at small villages and explore Etna lava fields and craters. Reach a ski resort at 1800/1900 meters and admire the incredible landscape view from Europe's highest and

most active volcano.

Opportunity to choose the option "Wine Tour" to enjoy relaxing moments surrounded by nature while sampling local cuisine and excellent Etna DOC wines.

Ascent to the top of Volcano is feasible only with pleasant weather conditions and you need to catch cable car and special 4x4 off-road vehicles.

Whether you choose to explore the Northern or Southern slopes, travelling through regular roads or off-road paths, Etna tour is a very charming experience!
