TOUR OVERVIEW

Design your own private Lake Como cruise

Lake Como Boat Tour to admire all the most beautiful villas and villages that have made Lake Como so famous in the world.

Duration to customize: from 3 to 7 hours cruising and availability to stop for sightseeing

The best way to really see Lake Como is from the lake: aboard a private craft on the water

When traveling around the lake by automobile, one misses the best views of the private lakeside villas and gardens. Instead, by boat on our panoramic cruises, the grand homes, magnificent gardens, and gorgeous backdrop are all visible from the shining blue of the water. Enjoy the scenic view of the alp peaks and of small villages nestled between blue water and green forests.

With this Lake Como highlights cruise you will have the possibility to admire all the most beautiful villas and villages that have made Lake Como so famous in the world: Villa Erba/Luchino Visconti, Villa d'Este, Villa Fontanelle/ Versace, Villa Oleandra/Clooney, Villa Pliniana, Villa Cassinella/Branson, Villa Balbianello and Villa Carlotta, plus the villages of Nesso with its "Orrido" and the enchanting Bellagio, know as the "Pearl of the Lake".

How to customize your excursion on the lake:

A panoramic Lake Como Boat Tour needs almost 2 hours cruising and can be lengthened up to 7 hours for a full day experience. The shorter tour will have no stops on the way and all sightseeing will be done from the boat. A longer excursion will include one or more stops for a visit to a magnificent Villa or to enjoy a lunch or dinner in a typical and romantic restaurant by lake side.

Enquire us for more details about duration of the tour and feasible stops.

Sightseeing on Lake Como:

Stretch your legs getting off the boat. Stroll around the picturesque villages that face the lake or visit the famous villas. Following the best locations we suggest for your cruise stop:

Bellagio, know as the "Pearl of the Lake". In the old village, along the characteristic stairs, you will find many elegant shops and artisans ateliers.

Varenna is a charming village with picturesque lanes and old fishermen's houses.

Villa Balabianello. The visit to Balbianello terraced gardens it's a "must" while in Lake Como; thanks to its strategic position at the end of a promontory, the view on a huge part of the lake is unparalleled and breathtaking.

Villa Carlotta, famous for its sumptuous botanical park.

Enquire us for more details about combination of cruising and sightseeing.
